NOTES

Contemporary look with clean lines, sleek arms and intricate cross-stitching

Built to last with our DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability

Power control independently adjusts the headrest and recline for a personalized sit

Separate home button returns the headrest and footrest to their original positions with one touch

High-density cushions consist of a high-resiliency, high-density polyurethane foam core

Choose from polyester fabric or leather for a high-quality look that will hold up in the most demanding environments

USB port built into power control for convenient charging

Center console stores remotes, magazines, and other personal items

Two beverage holders keep refreshments close at hand

Power controls on either side independently adjust the headrest and recline for a personalized sit

Separate home buttons on each side return the headrest and footrest to their original positions with one touch

Separate home buttons on either side return the headrest and footrest to their original positions with one touch

Choose from fabric or leatherfor a high-quality look that will hold up in the most demanding environments

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.
