NOTES

Intricate stitching with Western-inspired pattern on arms
Contrasting stitching throughout the design makes a bold statement
Divided back cushions cradle your head, neck and back
Bucket seats are contoured for comfort
Fully padded footrests take pressure off your legs and feet
Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
Power control independently adjusts the headrest and recline for a personalized sit
Home button returns the headrest and footrest to their original positions with one touch
USB port built into power control for convenient charging
Fully upholstered in premium quality full-grain leather that showcases unique markings and variations for a natural look, developing a lustrous patina with age
High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline
Center storage console features two cup holders and space to house remotes, magazines and other items
Bucket seat is contoured for comfort
Fully padded footrest takes pressure off your legs and feet
Gliding mechanism provides smooth movement and relaxation as you sit
The power control allows you to independently adjust the recline and headrest. A separate home button returns the headrest and footrest to their original positions with one touch.
A USB port is included on the power control for powering electronics.
Zero draw technology only uses power when the USB port is in use.
