Also available with nailhead trim (2881-51M)  
Safety locks prevent furniture from rocking while reclining.  
Also available with nailhead trim (2881-51H)  
Safety locks prevent the furniture from rocking while reclining.  
Also available with nailhead trim (2881-51)  
Also available with nailhead trim (2881-50H)  
Also available with nailhead trim (2881-50)  
Power allows you to smoothly recline to any position.  
A single USB port is included on each power button control on styles with arms.  
Lower the footrest by applying pressure to it in a downward motion. Lowering the footrest with the handle can damage the recliner.  
The power control allows you to independently adjust the recline and headrest.  
A separate home button returns the headrest and footrest to their original positions with one touch.  
A USB port is included on the power control for powering electronics.  
Zero draw technology only uses power when the USB port is in use.
