Also available with nailhead trim (2881-601M)

Also available with nailhead trim (2881-601H)

Also available with nailhead trim (2881-60)

Power allows you to smoothly recline to any position.

A single USB port is included on each power button control on styles with arms. The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics. Zero draw technology only uses power when the USB port is in use.

Power Recline & Headrest
