NOTES

A clean, transitional design Padded, soft sloped track arms

The center console contains two cupholders and a storage compartment

Adjust from an upright to a fully reclined position by opening the handle in the arm Sustainably sourced wood frame delivers exceptional durability

Contoured, high-density foam seat cushions provide lasting, everyday comfort and

support Upholstered in your choice of more than 250 select fabrics, including those with performance and sustainability characteristics

- Handcrafted in North America
- The center seat is stationary, and each end seat can be reclined
- Adjust from an upright to a fully reclined position with the touch of a button
- Charge electronic devices with the dual USB-A port located in the power button
- Adjust the recline and headrest positions with the touch of a button

Charge electronic devices with the single USB-A port located in the power button Power allows you to smoothly recline to any position.

A single USB port is included on each power button control on styles with arms.

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.

Power Recline & Headrest
