NOTES

The power control allows you to independently adjust the recline and headrest.

A separate home button returns the headrest and footrest to their original positions with one touch.

A USB port is included on the power control for powering electronics.

Zero draw technology only uses power when the USB port is in use.

Power Recline
& Headrest

Interlocking Brackets
Interlocking brackets securely attach one sectional component to another to prevent them from separating even when reclining.
